Experience

Front End Developer   **Viable Logics**   *Lahore PB*, Pakistan **12/2023 - Present**

- Orchestrated the development of Portal.io, an innovative application revolutionizing the proposal process for professional installers, harnessing modern solutions and advanced technologies such as NX, Storybook.js, Jest, Angular, and Typescript..
- Engineered functionalities within Portal.io to streamline communication between customers and sellers, facilitating quick exchanges and boosting efficiency across every stage of the sales journey.
- Employed Angular and Typescript to craft an intuitive interface for Portal.io, guaranteeing a seamless user experience and maximizing the platform's usability for installers and customers.

Front End Developer   **AppsGenii**   *Lahore PB*, Pakistan **06/2022 - 11/2023**

- Spearheaded the frontend development of the Efaad platform for Dubai Police scholarship students, focusing on enhancing user experience and interface design.
- Contributed to the creation of a robust Application Tracking System, streamlining the process of job and candidate management for an HR company, by implementing functionalities such as job and candidate addition, and tracking through various stages.
- Developed a dynamic roster application for efficient shift management, including shift assignment, request handling, and holiday tracking, to ensure a seamless user experience for employees.
- Collaborated with a talented team based in Dubai to revamp the design and functionality of the Efaad website, focusing on interactive features and responsive design to achieve modern and intuitive UI/UX.

Web Developer   **IngenDev**   *Lahore PB*, Pakistan **12/2021 – 5/2022**

- Developed a digital marketing website (https://brandovation.uk/) and a security-focused company website   (https://jsasecurity.uk/) from scratch, employing HTML, CSS, and JavaScript..
- Ensured responsive design and cross-browser compatibility for both websites to optimize user experience
-

Education

Bachelor of Software Engineering   **Lahore Garrison University** *PB, Pakistan* 09/2018-08/2022
